

ORT SA CAPE specialises in training and supporting teachers in disadvantaged communities.

We provide

- Professional development and accredited certification for Early Childhood Educators
- Effective skill sets for classroom teachers (Gr 1 -9) through innovative training
- Professional development and accredited certification for Early Childhood Educators
- Young learners from predominantly under-resourced communities, with training and support in cutting-edge technology through Robotics
- Research, monitoring and evaluation services to the education sector

The key focus is on improving teachers' capability and confidence.

Our interactive coaching and support benefits all teachers, not just new or struggling ones. They learn how to effectively teach their lessons to under-performing children, in very poor and/or rural areas.

Our educational research team has been highly commended for the rigour with which they have conducted Monitoring and Evaluation assignments.

*Imagine a future where
children in impoverished
communities receive an
excellent education.
Just imagine*
