

PRESCHOOLS 4 AFRICA

Preschools 4 Africa has its roots in the Play-with-a-Purpose educational programme which was founded in 1991. Registered as an Educational Trust in 2002. The Play with a Purpose Trust is a South African non-profit organisation that has had over 25 years of Community Development and Early Childhood Development experience. We currently mentor over 70 preschools with another 500 preschools that have benefited from our training throughout South Africa and Zambia as well in the United Kingdom, Zimbabwe, Mauritius, Australia, Ghana, Malaysia, Singapore, Nigeria, United States and Botswana.

Preschools 4 Africa assists young children in their quest to obtain quality and relevant early childhood education in order to ensure that they are in a position to ultimately be gainfully employed and become global citizens. Research indicates that a child that does not receive the correct education in the first five years has a 70% chance of being arrested for a violent crime and has less than a 30% chance of entering tertiary education.

Our founder, Robyn Wienand is the Co-chair and Civil Society Representative on Government National Intersectoral Early Childhood Development Forum representing the Association of Christian Schools International and Preschools 4 Africa. Robyn was awarded the Paul Harris Fellow award in 2017, this honour was also given to Nelson Mandela and Mother Theresa to name a few. In 2018 Robyn was selected onto the Advisory Board for Africa's EduWeek with an aim of Advancing Education in Africa.

Change the first
five years,
Change everything!
